

Polypropylene (PP)

Grade Basket – Typical Applications

- ✓ 440KTA PP Unit - Novolen® Technology
- ✓ Solvent free gas phase process; Low Volatile and Ash content
- ✓ Provision for making complete range of PP Homo Polymer
- ✓ High line speed film processing
- ✓ Excellent Lot to Lot consistency
- ✓ Excellent Mechanical Properties
- ✓ Outstanding Organoleptic Characteristics

Sector	Grade	MFI g/10 min	Typical Applications
Raffia	HR003	3	Raffia Tapes for Woven Sacks, Fabrics, Leno Bags
	HR005T	5	General purpose wrapping application
Injection Moulding	HM012T	12	General Purpose IM, Rigid Packaging, Furniture
	HM025AR	24	Thin wall moulding, multi-cavity moulding, intricate designer parts with long flow paths, Lamp Housings
TQ Film	HF010	10	Packaging
Fibre & Filament/ Non-Woven	HY035R	35	Non-woven & Extrusion Lamination applications, Medical Apparels etc.
